

Diversity, Equity, & Inclusion

Signature Development

Diversity means ...

understanding that each individual is unique,
and recognizing our individual differences.

**But regardless of
age, gender, ethnicity,
sexual orientation, or race**

WHAT IS ONE THING WE ALL HAVE IN COMMON?

**What is something that
represents us individually,
but also as a whole?**

Our Fingerprints

Our fingerprints are something that set us apart from any other human being, while still being something we all have in common.

By using a fingerprint to represent our Diversity, Equity, & Inclusion team - we are saying we understand that everyone is unique but we also understand **WE ARE ALL HUMAN.**
